HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. ## *"What You Should Know About Your City"*

*"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.*

# WEST SPRINGFIELD NUMERICAL DIRECTORY

## EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)
The abbreviation "r" between the street number and the name signifies "rear."
The word "vacant" after a number signifies that the house, office or store at that number was vacant when canvass was made.
△Indicates telephone at this number.
"Right odd" after street description indicates odd numbers on right side of street.
The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

***The true value*** of advertising circulation is *circulation consulted.*

***To be exact*** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

***To be conservative*** we will eliminate the sixty Sundays and Holidays when no tests were made.

***For every thousand directories*** sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

**The Sign Over Your Door**

Is a good thing, isn't it? You would not think of doing business without it.

***But it is only seen by those who pass your way.***

If you could put a sign where everyone could see it would it interest you?

**THE CITY DIRECTORY**

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

# History

Chicopee, Massachusetts, was first settled in 1638, the first of the settlers probably being Henry and Japhet Chapin, sons of Deacon Samuel Chapin who was one of the early settlers of Springfield. It was incorporated as a town in 1848 and as a city in 1890. When incorporated as a town, Chicopee had a population of 7,861 and the population of the city according to the Federal Census of 1930 was 43,930. The city has grown continuously and steadily as an industrial community. It has excellent water and electric power facilities and is noted for the skill of its workmen.

**Service Institutions**—Public utilities in the city are well organized and render efficient and economical service to the citizens. The city has excellent water facilities which are efficiently handled by a municipal water works department. Electric light and power are furnished by the Chicopee Electric Light Department, a municipal institution and its rates both for private and power use are the lowest in the state. The Springfield Gas Light Company furnishes gas at reasonable rates. Transportation facilities are furnished by both the Springfield and Holyoke Street Railways which operate busses on all the main arteries leading to and from the city.

Chicopee is noted for its splendid educational system, the cost of education in the city being almost the lowest in the state. It has a splendid high school, and twenty-four junior high and elementary schools, with seven parochial schools. About 10,000 pupils attend both the public and parochial schools. The College of Our Lady of the Elms, a Catholic institution, is also located in Chicopee. Outstanding in training men and women in modern trade schools for war work. Placing over 2,000 in defense factories in Chicopee and vicinity.

**Financial Situation**—The city has a bonded indebtedness of only $1,057,531, much of which was incurred in recent years in the erection of a new bridge across the Chicopee River at Chicopee, the erection of a new dam and filtering plant which now furnishes the city with an excellent supply of water both for drinking and commercial purposes and for the erection of several main highways. There are six banks in the city of which two are savings and also one trust company. The financial condition of Chicopee is the best in a number of years, and unless some unforeseen emergency arises, the City of Chicopee, will be free of debt, which will lower the tax rate substantially.

**Civics and Welfare**—The city has a very fine record for health and sanitation. It has two hospitals, one private and the other being municipally owned for the care of infirmary patients.

Westover Field, the largest Airbase in the Northeast area, is permanently located in Chicopee.

## *"What You Should Know About Your City"*

***"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest: then, a sympathy: then a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful: and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.***
